KEY PROJECTS

- PathVerse AR — *React Native · Expo · Viro AR (ARCore) · SQLite · Google ML Kit · A* 3D Pathfinding*
 Developed an indoor navigation mobile app as an **FYP** at **IOBM** to reduce the frustration of navigating complex, multi-story buildings across the IoBM campus. Allow students and visitors to look up destinations, calculate the fastest indoor routes, and find exactly where they need to go with real-time 3D tracking arrows overlaid onto their real-world surroundings.

- Propel AI — *Supabase · Twilio · Deepgram · Lovable · Firecrawl*
 AI-powered CRM and sales copilot for UAE real estate agents. Combines lead management, call intelligence, and property listings in one dashboard while analyzing calls to surface buyer insights and property recommendations.

- Sales, Inbound & Cold Calling Voice Agents — *Retell AI · ElevenLabs · VAPI · CRM Integration*
 Outbound voice agents built for realtors that autonomously qualify prospects over the phone, handle objections, and log structured lead data directly into HubSpot and Zoho CRM.

- Employee Onboarding & Recruitment Agent — *n8n · Google Forms · Gmail API · Google Drive*
 Automated HR pipeline that converts candidate form submissions into structured Google Drive folders, auto-fills offer letters, and triggers email notifications.

- Email Classifier & RAG Agent — *n8n · OpenAI · Pinecone · Gmail API · Slack*
 An Email Classifier Agent that categorizes incoming emails, generates smart replies, and pushes high-priority alerts to Slack/WhatsApp. Paired with a RAG agent that indexes internal Google Drive documents into Pinecone for instant AI-powered query responses.

- SaaS Products — StudyZap, Food Punch, Launch Copy — *React · TypeScript · Gemini API · Vercel*
 A suite of consumer SaaS tools. StudyZap converts PDFs into structured study guides and quizzes, Food Punch is a homemade food-ordering app with a Gemini-powered chatbot, and Launch Copy generates full landing page copy with live design previews from a product brief.
